

Proctor High School

2023

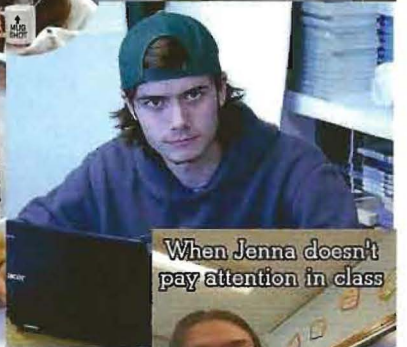

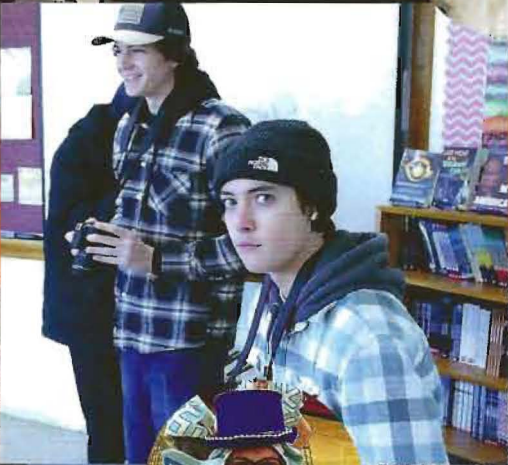

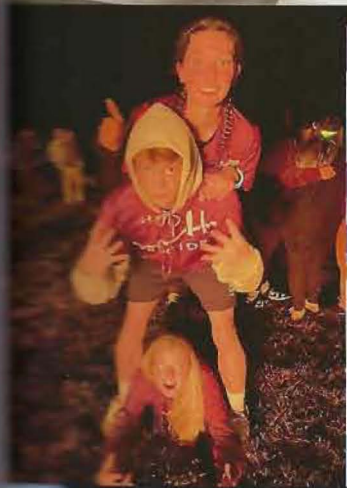

**The Senior Class of 2023 has chosen to dedicate
this years yearbook to...
Mr. Bloodworth and Mrs. Plante**

For years Mr. Bloodworth and Mrs. Plante have endlessly supported our school, sports, students, and community. They have given more to the community than anyone can replicate. These kind and caring individuals selflessly put everyone and everything before themselves and are always willing to help or educate those in need. Thank you both for your years of encouragement and teachings. You have truly impacted us all in ways we will never forget. Thank You <3

- Senior Class of 2023

Seniors 23

When Jenna doesn't pay attention in class

Bryson Bourn

After graduating, Bryson will go on to work, hopefully become a millionaire and have a family of his own.

I, Bryson, leave my basketball skills to the underclassman.

I remember winning back to back championships in Basketball.

"If you ain't first, you're last."
- Ricky Bobby

Jenna Davine

After graduating, Jenna travels the world and makes a difference.... Then becomes rich and marries a professional sports player.

I, Jenna, leave a ride anywhere to Alea R, Emma P my incredible soccer skills, Isabel G the soccer team and a "Keep your head up".

Winning 3 soccer state championships in a row. Pep-Rallies. Winter carnival. Basketball season 2021-2022. Soccer team 2019. Crazy team sleepovers and dinners.

"Life is what you make of it, so make it yours." - Anonymous

Joel Denton

After finding his inner self in his life changing world travels, Joel will probably return home to become a soccer coach for little kids in hopes to spread his love for the game to the next generation. Maybe even enjoying his weekends as a part time artist.

I, Joel, leave my uncanny ability of persuasion to nobody, leave my soccer legacy to AB. I leave CC my outstanding ability to completely ruin a person's day via trash talk in sports.

The bus rides home from away games and stopping at McDonald's only to wait a ridiculous amount of time for our food.

"Ooh, I been a fool but its cool, That's
what human beings do
Keep your eyes to the sky, never glued to
your shoes
Guess there was a time when my mind
was consumed
But the sun comin' out now, clouds start
to move" - Mac Miller

Grace Durkee

After graduating, Grace will go to college and do something in the Criminal Justice field. Hopefully making her past self proud of how far she has come in life.

I, Grace, leave my ability to pretend to be on task in class to anyone

When our class went to the Museum of Fine Arts in Boston.

"I've said it before and I'll say it again. Life moves pretty fast. If you don't stop and look around once in a while. You could miss it."

- Ferris Bueller

Valerie Johnson

After finally becoming a high school science teacher, a student spills an unknown substance on Valerie Johnson, she mutates and becomes a teacher by day and a superhero by night.

I, Valerie, will leave my book collection to Olivia Gianni and Cadence Goodwin, my bracelet string to Makayla French, and my AMAZING basketball skills to Zoe Reynolds.

Gym class, Basketball, Senior Soccer and Basketball Season, Art Class, Homecoming, Pep Rallies, Anatomy and Career Connections, Prom.

"There are some things you learn best in calm, and some in storm."

— Willa Cather, *The Song of the Lark*

Ryan Keener

I've chosen to keep my creative writing a secret until I reveal them to the public. I plan to do that when I get my creative writing career started to keep my genius a complete surprise to the public. I surely do have a whole bunch of the most complicated things present in our universe to write about.

I would wait for them to know what the numbers beyond quadrillion mean.

We finally got to go to unified sports for my last grade as opposed to the ones before it.

"My books are like water; those of great geniuses are wine. (Fortunately) everyone drinks water."
- Mark Twain

After leaving high school, Lucas will take over his parent's business. He will build a house in Vermont and get a bigger truck.

I, Lucas, will leave Todd McLaughlin a fist bump

I remember skipping class to go to the library and leaving all my absences to Ms. McLemore.

"The pain wont last forever, but the memories will."
-Piyush Kamboj

Lucas Merrill

Save my money, do something that makes me happy.

I, Cole, leave my great hair to Ms. Weinberg , my tardy passes for Beverly, and a painting for Ms. Kutcher.

When I stuck a wire in the outlet, blew the fuse, and told Ms. Arend it was the hot glue gun.

"Hold on to your butts"
- Jurassic Park

Cole Nace

Virginia Oberg

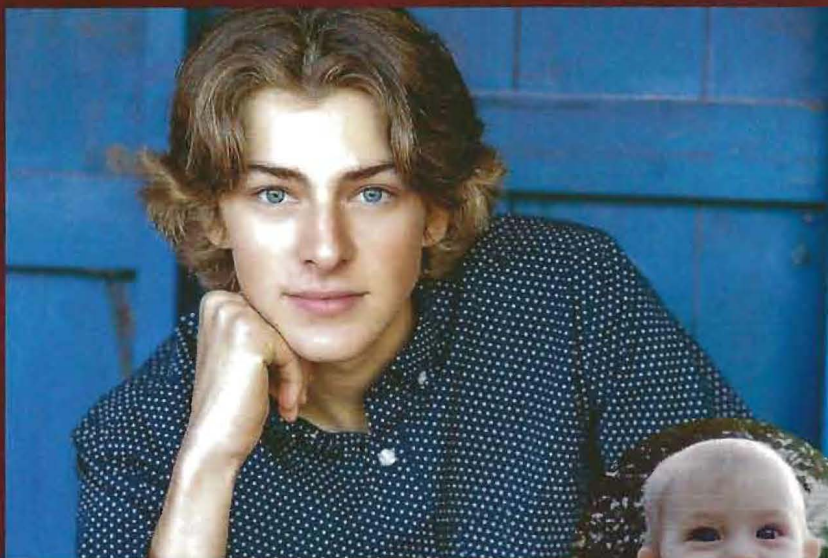

After graduation, I will continue with college and receive my associates degree in business next year.

I, Ginny, leave my amazing locker snack stash to my siblings to enjoy.

I remember "Jersey day" I made jerseys with our last name and birth order on the back for all of my siblings and recently had them professionally made for them.

"There are a thousand ways to get somewhere, but not all ways are the correct one." - Crave by Tracy Wolf

Jacob Patch

After becoming an electrician, I leave America and never come back.

I, Jacob, leave Bryan Godda my fishing stuff.

35 strikeouts in 3 games in baseball.

"There may be people who have more talent than you, but there's no excuse for anyone to work harder than you do."
- Derek Jeter

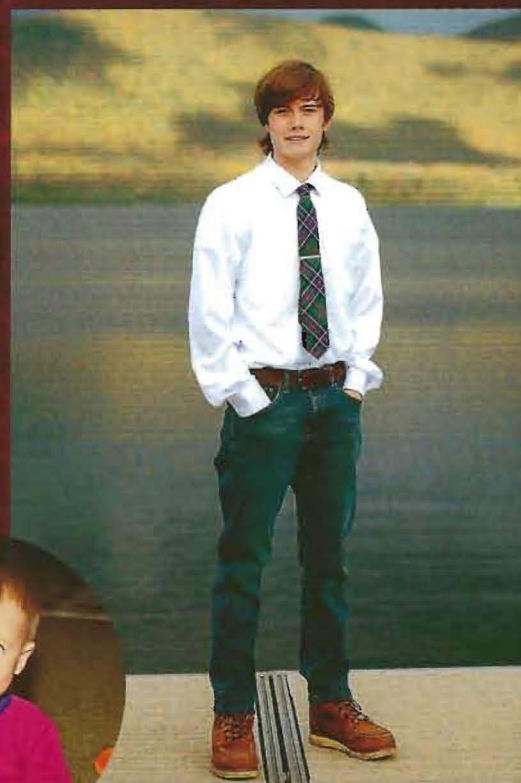

After graduation, I will try to find a job to support myself, or I'll go out in a BLAZE OF GLORY.

I, Aidan, leave nothing to whoever desires nothing.

I remember throwing stuff during lunch and civics with the whole freshman class. Art classes with my friends, and our interesting conversations during morning meetings in Ms. Kutcher's room.

"You're gonna need a bigger boat." - Jaws 1975

Aidan Page

Bode Richardson

After I become a washed up World Cup racer, I'll most likely find myself working.

I, Bode, leave my bad reputation to Aleea Richardson.

I remember walking around the school collecting bags full of broccoli sophomore year. Going to Marian's to have juice and cookies, and going to Ms. Kutcher's every morning senior year.

Haili Sloan

After becoming a part of the Vermont Symphony Orchestra, Haili later retires and becomes a stay-at-home mother.

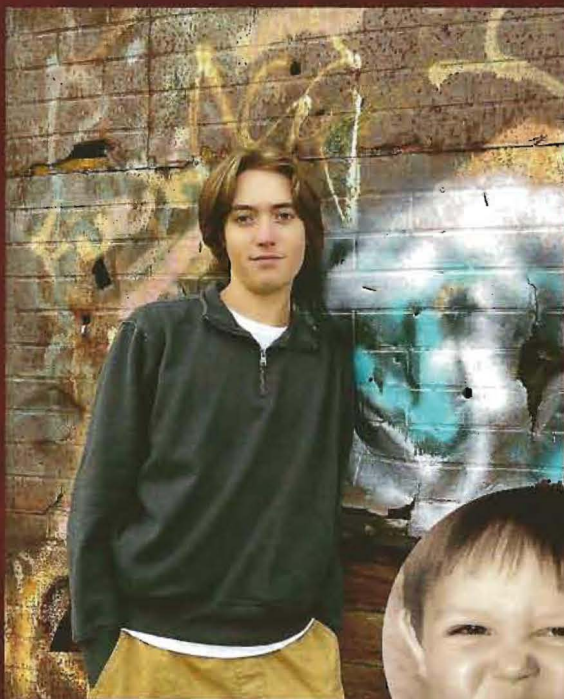

I, Haili, leave Olivia Outslay my spot in band, and Mitchell Knowles the spot of best older kid in band and a cherry Bubly.

I remember winning the championship game in soccer my freshman year, finally getting accepted into Districts, and the strange and hilarious conversations in band.

"Life beats down and crushes the soul and art reminds you that you have one."
- Stella Adler

Owen Saceric

After traveling around and living life, I'll settle down somewhere and live a more chill lifestyle

I, Owen, leave my good fashion sense to whoever desires to bear the load.

Throwing a pancake against the wall in the lunch room because it was so dry and solid.

"I'll put it simple. If you're goin' hard enough left, you'll find yourself turnin' right."
~ Doc Hudson

Zachary Stuhlmuehler

After becoming an owner of a small business, Zach would go on to make more stores in the State of Colorado.

I, Zach leave a bag of cheerios to Reagan Phelps, and Haili's phone to Mitchell Knowles.

Walking into Ms. Kutcher's fan club meetings.

"It ain't about how hard you get hit it's about how hard you get hit and keep moving forward."
- Rocky Balboa

Alexandra Ward

After becoming the top forensic scientist in the US, Al goes on to commit a series of crimes and get away with it.

I, Al, leave Isaacc Hanlin my baritone sax aspirations, and Haili's phone to Mitchell Knowles, and the Rainbow Alliance all of my "children" so they always have somewhere safe.

Getting so off-topic in Band that we waste the whole period, and not regretting it.

"So all the critics who despise us, go ahead and criticize us. It's you're tyranny that drives us, adds the fire to our flames."
- Cage the Elephant

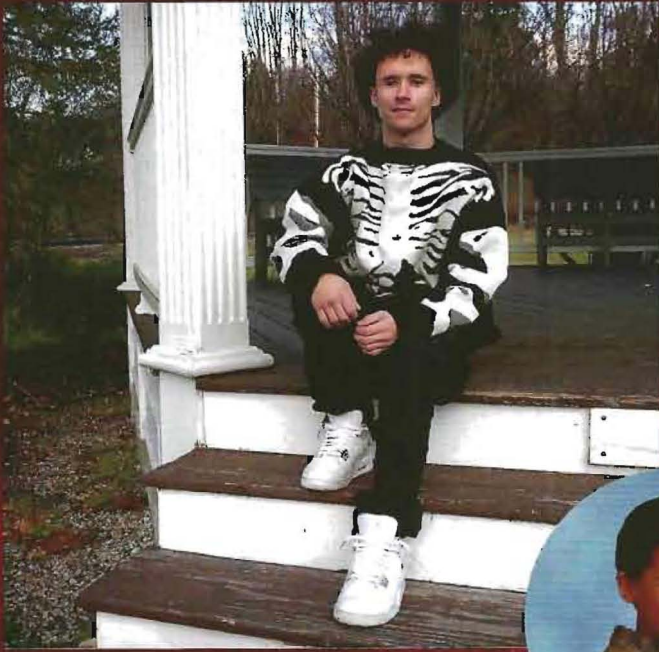

Brandon Wickes

After graduating, Brandon goes on to take over the world.

I, Brandon, will leave my locker to Rambo.

Throwing the taped and stapled orange around the Spanish room in secret and messing around with friends.

*Sometimes you find out
what you are supposed to
be doing by doing things
you aren't supposed to do.*

CONGRATULATIONS!

We could not be more proud of the young man you have become. As you continue through life, never stop learning, always keep your integrity & amazing sense of humor, and don't forget to take time to enjoy the journey. We are so proud to call you our Son!

Love, Mom and Dad

We've watched you grow from a mischievous little kid to a slightly less mischievous young adult, and we have no doubt your quick wit and sense of adventure will serve you well. We're proud of all you've accomplished and who you are and know you'll continue to make us laugh. May the dirt forever be in your favor.

If you ever need a bad joke or a listening ear, we're always here for you. We love you kid.

Love, Aunt B & Uncle Aron
